Q&A and Farm Considerations

Do trains run on the tracks through the campground? Tracks are abandoned.

Where's the trash? There is a home-made garbage bin at the entrance to the farm. Use a large bag and put all your little white bags in it. We are charged an extra \$1.00 per bag.

If I need you, What's your cell phone number? 304.642.2351 - Mark

Where's the laundromat? Head back past the airport on the right. About a half mile or so to Mary's Maytag.

Is there an RV store somewhere? Yes, go back the four lane, turn right. Roy's RV Center is about a mile or so away.

How's your water? Very good. We have city water. **PLEASE PUSH HANDLE DOWN ON OUR WATER HOOKUP WHEN YOU ARE GONE SO YOUR HOSE DOESN'T EXPLODE IN THE SUN!**

Are we allowed to fish? Sure. Chenoweth Creek runs through the campground and has native trout, small mouth bass and chubs.. The fishing pond is catch & release **NO BARB HOOKS!**. No license is needed.

Is there only one way in and out? Yes. And no, we've never had two RVs meet in the middle.

Why is it so peaceful and quiet at the Pegasus Farm? Because we are nestled between the county airport and acres of valley farmland. Our airport has a fence around it and we have no commercial flights. On the western, mountainous side of the campground is 6,000 acres of cornfields. Thus, no lights and no traffic

How do I get out? The road circles around the shower house. **PLEASE DO NOT PARK IN FRONT OF THE SHOWER HOUSE**, that's the main road so RVs can exit without driving over the grass. **Park behind the shower house. DO NOT TAKE RVS THROUGH THE AUTO-ONLY ROAD BETWEEN THE TWO BARN.**

Shower House: Park **BEHIND** the shower house. **PLEASE RESPECT** the shower house and keep it **CLEAN!!!!!!**

What are "Bonnie's Pet Peeves?" Driving on the grass in the RV park, driving too fast past the house and upper barn, and do **NOT** move fire rings!! If you have a dog **CLEAN UP POOP!** Dispose in **YOUR** garbage, not shower house!!

Ground Mats kill the grass: **NO** Ground Mats are permitted **UNLESS** they are the type that allows sun through them. Mats kill the grass and makes a mud hole for the next guest.

IMPORTANT: We do not have an Office and please do not stop at the house. We are not unsociable; we have a dog that is very protective when he is at the house and may nip your heel or hand. If you need us, please call 304-642-2351.

Please note **RV** exit on map
